Joe,

As we discussed earlier this year, I did speak with Ben and Dick yesterday about transitioning Ben away from BN Somers so he may focus on Clarkfork and other work. They are generally agreeable to the idea and I think it gives Dick additional work while we await RA dollars for Basin and UTM. That being the case, they would like to discuss with Roger, any concerns with that? Otherwise I will let them know to have the conversation, prior to formalizing this. We did discuss having Whitney conduct limited back up for Dick on the site, given her travels to Libby and CFAC.

Please let me know, as this is my plan for going into 2018. If we need to discuss we can do so next week.

Tom
